 - (PVC) Pipe #3
 - (PS) Styrofoam #6
 - Film Plastic/Shrink Wrap

HIGH QUALITY VS. LOW QUALITY ON C&D LOADS

Placing all recyclable material into separate containers from non-recyclable material at job sites will save money on disposal costs. Be responsible and instruct workers, vendors and subcontractors on proper waste separation for the maximum diversion.

C&D LOADS CONTAINING:

1. **Minimum of 70% recyclable materials**
= Standard Per Ton Gate Rate
2. **Greater than 50% recyclable materials and less than 70% recycle materials**
= Approximately \$10 more/ton than standard rate
3. **C&D Loads containing less than 50% recyclable materials***
= Approximately \$36 more/ton than standard rate

* Loads meeting this definition will not receive diversion credit

HAZARDOUS WASTE

Keep hazardous waste out of our landfills. They don't belong in trash, recycling or yard waste containers.

Please call (530) 666-8856 to schedule a business hazardous waste appointment.

Hazardous items:

Paint, caulk, aerosols (spray paint), ballasts, spray texture, cylinders containing foam or adhesives, florescent bulbs/tubes, or batteries, and solvents

For a complete list of acceptable HHW items, visit yolocounty.org and click on the Landfill tab.

REUSE & REPURPOSE. BUY OLD...MAKE NEW AGAIN!

The Big Blue Recycling Barn Thrift Store, located at the Yolo County Landfill, 44090 County Road 28H Woodland, CA 95776, sells lumber, doors, windows, and other construction materials at low costs to contractors. The Barn also accepts reusable building materials for donations and diversion.
